WHAT IS SIMPLY SPRAY?

PRODUCT DETAILS

Simply Spray is a range of fabric spray paints. Developed 8 years ago in the USA, Simply Spray is a unique and patented product which has been successfully marketed in a number of countries, most notably the USA, Australia and in Asia, with sales in excess of 1.5 million units per year in the USA alone.

Simply Spray is unique as it is the only non-hazardous, non-toxic, non-flammable aerosol fabric paint; this technology is also patented. Originally developed as an alternative to traditional fabric dyes, the Simply Spray range has now expanded to include a large number of products; Simply Spray Soft Fabric Paint, Simply Spray Stencil Paint, Simply Spray Upholstery Paint, Paint It Black, Fake Spray Blood and Retail Kits.

Simply Spray products are extremely flexible and can be used for a large number of purposes on almost all fabrics, such as; clothing, curtains, lampshades, pillow cases, sofas, chairs, car interiors and all kinds of crafts; the uses are endless.

An alternative to traditional dyes which are messy and complicated, Simply Spray is a far simpler way of dyeing fabrics quickly and easily.

WHAT IS SIMPLY SPRAY?

SOFT FABRIC SPRAY PAINT

Simply
Spray®

PRODUCT DETAILS

Simply Spray Soft Fabric Paint is a non-toxic, non-hazardous, non-flammable spray specifically designed for use on fabric.

Simply Spray Soft Fabric Paint is easy to use, non-toxic and gives off no fumes or odours. Soft Fabric Spray is a great way to turn your old clothes, T-Shirts, jeans, hats etc. into something brighter. Or why not use it with a stencil for an easy way to personalise your clothes. Simply Spray Soft Fabric Paint is absorbed into the fabric and dries at room temperature leaving you with a machine washable garment.

You can use Simply Spray Fabric Paint to make tie-dyed T-shirts without the mess or hassle of liquid dyes. Just scrunch, spray and you're done. You can also use this type of paint for clothing, curtains, lampshades, pillow cases and all kinds of crafts.

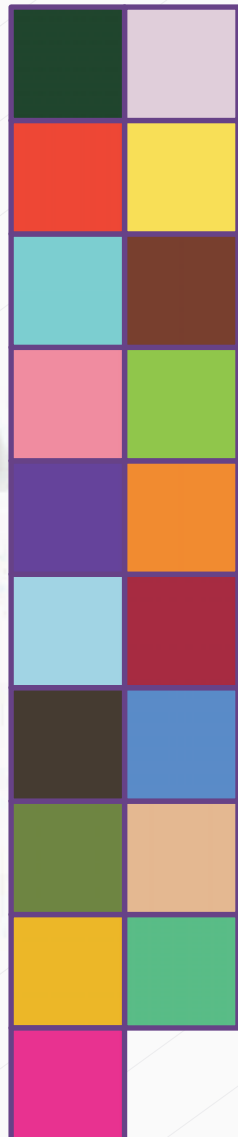

It works on most textiles and natural fibres including cotton, rayon, canvas, and hemp.

SOFT FABRIC SPRAY PAINT

STENCIL SPRAY PAINT

PRODUCT DETAILS

Simply Spray Stencil Paint is a **non-toxic, non-hazardous, non-flammable** spray specifically designed for use on fabric.

Simply Spray Stencil Paint is easy to use, non-toxic and **gives off no fumes or odours**. Stencil Paint is a great way to turn your old clothes, T-Shirts, jeans, hats etc. into something brighter.

Simply Spray Stencil Paint provides a finish similar to screen printing, it has more body than our Fabric Spray Paint. Stencil Spray has a "glimmer" look that shines, resembling a screen print finish when it's dry.

Stencil Spray contains solid material to give texture to your design. Its thicker formulation also allows it to stick to the edges of the stencil, preventing bleed-under and giving nice crisp edges!
